

MARCH 12+

Join the ...

Encampment to **STOP the War!**

Congress is about to vote on Bush's request for another \$245 billion to continue the war against the people of Iraq.

Congress has the Constitutional authority and the moral obligation to stop the war. They cannot hide behind "non-binding resolutions" and press conferences where they criticize the President while promising to continue funding the war.

Congress is spending \$100,000 a minute on the war. Meanwhile, more and more people are falling below the poverty line. Hospitals are closing. Schools are underfunded, understaffed, and overcrowded. Funding for AIDS research has been drastically reduced. Wounded veterans returning from Iraq are being housed in run-down roach-infested motels. Most survivors of Hurricane Katrina have not been able to return home and rebuild.

The politicians will not stop the war unless we force them to stop it.

We are calling on everyone who can to join us in Washington for an **Encampment to Stop the War, beginning on March 12.**

On that day, activists from all over the country will assemble at Congress and demand that they defund the war and bring the troops home now.

Veterans, military families, clergy and religious communities, labor groups and others are all planning to participate with their own creative actions.

Youth organizations are planning direct action throughout the time of the encampment.

We have the opportunity to force the war to end if we act decisively.

**It's time to go from
Protest to Resistance!**

**Encampment
beginning the week
of March 12 -**

Join youth, veterans, military families, labor activists, clergy, community organizers, active duty military personnel, and people from across the country in Washington DC. for an encampment to End the War!

- **Cut Off ALL War Funding!**
- **Bring the Troops Home Now!**
- **Defund the Pentagon - \$\$\$ for AIDS, Jobs, Healthcare, Housing & Education!**
- **End Poverty, Racism, Sexism & War!**
