

EMERGENCY DEMONSTRATION on 54th Anniversary of the Nakba:

Israel & U.S.: Hands Off Gaza! Justice for Jenin! End the Occupation! U.S. Out of the Middle East!

Wednesday, May 15, 5:30-8 PM

near Arlington on the Green Line)

After massive killing of civilians and war crimes against the Palestinian people of the West Bank beginning March 29, Israel is now amassing 30,000 troops to invade the Gaza Strip. May 15 is the 54th anniversary of the Nakba – the Palestinian National Tragedy of mass eviction from their land forced by Israeli terrorism to create the state of Israel, including the destruction of over 500 villages. On this date Israel stands ready to continue the same brutal terror attack in Gaza that it has just completed in Jenin: the first reports of massive killings in Jenin came from an Israeli officer, and an Israeli Army Sergeant said, “The orders were to shoot at each house. ... The words on the radio were to ‘put a bullet in each window’.” According to Human Rights Watch, Israel committed war crimes and serious violations of international humanitarian law, including indiscriminate killing of civilians, failure to allow civilians to escape before bombing, military attacks on ambulances and medical personnel, and preventing access to medical treatment. The IDF bulldozed buildings with people in them. And now Israel stands poised to do it all again in Gaza. The U.S. is backing these attacks with arms and dollars and political cover. We must stand up and say: No more!
